ACADEMIC PROJECTS

Student Attendance System (HTML, CSS, PHP, MariaDB)

May 2026 – August 2026

- Designed and developed a web-based university student attendance system using HTML, CSS, PHP, and MariaDB.
- Implemented CRUD functionality for attendance records and integrated a centralized database for efficient data management.
- Developed attendance tracking and percentage monitoring features to help identify students below the attendance threshold.

E-Commerce Website (HTML, CSS, JavaScript, PHP, MariaDB)

July 2026 – August 2026

- Developed an e-commerce web application using PHP, JavaScript, HTML, CSS, and MySQL.
- Collaborated with a teammate to develop the system interface and integrate frontend components with backend functionality.

Portfolio Website (HTML, CSS)

May 2026 – June 2026

- Designed and developed a responsive personal portfolio website using HTML and CSS.
- Implemented responsive layouts and user-friendly navigation to present projects, technical skills, and contact information.
- Deployed the website on Netlify for public access.

Library System (HTML, CSS, JavaScript, JavaFX (Scene Builder), PHP, MariaDB)

September 2025 – December 2025

- Collaborated with team members to develop a web-based library management system.
- Developed system interfaces using HTML, CSS, JavaScript, JavaFX, PHP, and MySQL.

LEADERSHIP AND ACTIVITIES

Soup Kitchen – Kechara Soup Kitchen Society

Volunteer (February 2025)

- Volunteered at a soup kitchen initiative organised by Kechara Soup Kitchen Society.
- In charge of preparing ingredients to be made into nutritious meals for the less fortunate, as well as leading and guiding other volunteers throughout the initiative.

PROFESSIONAL EXPERIENCE
